

# Stay Connected to the Industry's Most Comprehensive Benefits Administration Solutions

Introducing MediConn<sup>360</sup>, Powered by TALON—the app and web portal designed to streamline benefits administration solutions. Now in conjunction with Concierge and our TPA services, this state-of-the-art service provides members, employers, providers, and benefit advisors with on-demand access to the data and services they need.

## With MediConn<sup>360</sup>, our partners can enjoy the following:

- + On-demand access to machine-readable files & reports
- + Integrated announcement feature designed to share info with chosen audiences easily
- + A branded broker/advisor dashboard to provide directed selling practices

## Members are also supported:

- + Price comparison shopping, including quality metrics and in-network guidance
- + Verification of claim payments
- + Access to ID cards, Explanation of Benefits (EOBs), and Advanced Explanation of Benefits (AEOBs)
- + Secure messaging feature
- + Ability to manage enrollment, family status changes, and ID card requests
