

Level-Funding

Helping Find the Perfect Balance

Offer your clients a perfect balance with Concierge's level-funding plans, an affordable and flexible middle ground to self-funded and fully insured options. With level-funding, your clients will receive:

SAVINGS

- Quality health benefits at a lower price than with traditional insurance carriers.
- Excess funding stays with the employer.

SERVICE

- Plan flexibility tailored specifically to the needs of your clients.
- More personal patient experience and lower out-of-pocket costs for members than with a fully insured plan.

SECURITY

- Stop-loss coverage, from a top tier stop-loss carrier, that offers stronger liability protection than other self-funded options.
- More transparency with claims administration and costs for clients and their members than with traditional insurance carriers.

What Else?

For more on our level-funded plan options here at Concierge, contact our team or click below.
